**TRANSCRIPT OF BOARDROOM RADIO INTERVIEW WITH KATE HOBBS
RE: VISIT TO GRANTS RIDGE, NEW MEXICO**

BRR – “Joining me today is Ms Kate Hobbs, Managing Director of Uran Limited, Kate, thank you for joining us again”.

Kate – “Hi Andrew”

BRR – “You have just returned from Grants Ridge in New Mexico. What was the purpose of the trip?”

Kate – “Primarily the trip was to carry out a community meeting in Grants just to give the people there an opportunity to meet us and understand what we are proposing to do and to ask us any questions and also just to make sure that the exploration permits are progressing smoothly and that no hitches have arisen. The meeting went particularly well there was no opposition, there was a lot of interest and support from the community, and we understand that the exploration permit process is going well and is virtually complete, and that we should expect to get those granted in the time table that we have been forecasting.”

BRR – “ So, what can we look forward to next from Uran?”

Kate – “The grant of those permits is a bit of a threshold for us and we are still hoping that we will hear from that probably in October at which point we are all prepared to go ahead and start our drilling. We have been able to source drill rigs and we expect to be able to start drilling pretty well immediately that we receive those permits.”

BRR – “ And I think your AGM is coming up as well?”

Kate – “Yes, we like to go early with it. Our Notice of Meeting should be coming out this week and our meeting is scheduled for the 30 October 2009 by which time I hope we have some good news for shareholders.”

BRR – “ Absolutely and I am sure they are looking forward to it as well, Kate thank you very much for joining us today.”

Kate – “My pleasure Andrew talk to you again.”

BRR – “ and if you wanted to ask Kate a question, please email us on: brr@brr.com.au”
